Statement of continued support for the Global Compact

DNB wishes to promote sustainable development and long-term value creation through responsible business operations. As a consequence of this, DNB continues to support the United Nations Global Compact.

The ten fundamental principles of the Global Compact in the areas of human rights, labour standards, the environment and anti-corruption play a vital role in our corporate social responsibility efforts.

A more detailed description of our performance in relation to the Global Compact principles in 2015 is given in our Communication on Progress (COP) and on dnb.no.
